

TO,
THE DIRECTOR
VETA ALLAHABAD.

Sir,

It's my pleasure to give you my opinion about your institution. I have been reading about your institution in JOSH, the supplement of DAINIK JAGRAN since last 6 years and I was keenly desired to take admission in your mysterious institution. But when I came to know that VETA has established its branch in ALLAHABAD, I thanked GOD to fulfill my desire.

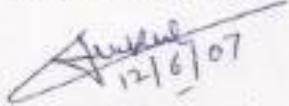

By the way I want to tell you that my grammar is good but due to hesitation I am unable to make conversation in English fluently. But the friendly environment of the class, study material along with audio and video modules and specially the simple way of teaching of PRITI madam helped me too much to reduce my hesitation. She also helped me in making sentence in a proper way and in making correct pronunciation.

Although I have not attended the class for a long period. But what so ever time I have spent, that was full of experience and joy. I have enjoyed each and every moment in the class.

At last I am very thankful to my faculty and wish my best regards specially towards PRITI MADAM and PALLAVI MADAM along with other teachers and workers of VETA. I hope that one day VETA will be on the top among all the institutions and it will establish its reputation just like POLAR-STAR. And by the light of its knowledge it will alight the mind of needy people, who really deserve it.

DATED:- 12TH JUN-2007

Yours obediently,

12/6/07
